ACADEMIC DETAILS

Degree/Exam	Institute	Year	GPA/Marks%
Oct, 2021- Present	<i>B.Tech in Computer Science</i>	Graphic Era Hill University	8.12/10
2021	<i>12Th C.B.S.E</i>	Children's Academy, Lakhimpur	83.6
2019	<i>10Th C.B.S.E</i>	Children's Academy, Lakhimpur	91.4

MAJOR PROJECTS

- **Automated Attendance System with Face Recognition**
 - Objective :This project aims to develop an automated attendance system that utilizes face recognition technology to streamline the attendance process. .
 - The system employs the KNN (K-Nearest Neighbors) algorithm, a machine learning technique, to identify and recognize faces from a pre-existing dataset of student images.
- **Car Price Prediction: A Machine Learning Approach**
 - Predicting used car prices accurately can be a challenging task, considering the various factors that influence a car's value.
 - This project aims to develop a car price prediction model using the linear regression algorithm, a machine learning technique that establishes a linear relationship between input variables and a target variable.
- **My Personal Portfolio**
 - I created my portfolio to showcase my skills, experience, and achievements, providing a comprehensive and visually appealing representation of my professional journey to potential employers, clients, or collaborators.

TECHNICAL SKILLS

- **Languages:** C, C++, Java, XML, Java, HTML, CSS
- **Database:** MySQL
- **Script:** JavaScript
- **Others:** Machine Learning Algorithms, Android Development using Android Code Studio, OOPS, React JavaScript
- **Soft Skills:** Teamwork, Communication skills, Problem Solving skills

POSITION OF RESPONSIBILITY

- **Volunteer, International Conference on Innovative Data Communication (ICIDCA-2023) (March 2023):**
 - Played a pivotal role in team coordination by effectively communicating with fellow volunteers, conference organizers, and participants.
 - Collaborated with a 20+ member volunteer team, contributing to the successful execution of the conference.

CERTIFICATIONS

- AWS Academy Cloud Foundation, Amazon WebServices (July 2023 - August 2023).
- Introduction to AI/ML from IBM (April 2023 - May 2023).
- Introduction to Generative AI from Coursera (May 2024 - June 2024).
- Google Professional Data Engineer (2024).
- Introduction to Generative AI from Coursera (May 2024 - June 2024).

INTEREST AND HOBBIES

- Playing e-games.
- Outdoor Sports.
- Playing UNO.
